Joy over repair by Frome Men's Shed

Dear Sir,

I am writing to say how delighted I am with the work recently done for me by the gentlemen of The Frome Men's Shed. They repaired my much-loved utility card table which, like me, and being of equal age, had become unstable on its legs, with loose joints and an interesting sashay, making every day activities very precarious.

I was a little wary of giving over my much loved 'objet' to a group of strangers but I was reassured to learn of the great experience and expertise already available in the group, as evidenced by the speed and competence with which the work was carried out. My table is now back with me looking (and smelling!) stronger and cleaner than it has

been for some years. I wish I could say the same for its owner...

To have the table back within 48hrs and so skilfully repaired is a great joy and a practical pleasure as it is in constant use for a number of purposes. In particular, I can now use my lap-top without the fear of it sliding about, or the table gradually disappearing to the left! It has brought a whole new dimension of security to my daily writing tasks and it may even open up further opportunities, for example, Frome's first (?) Poker school.

Thank you Gentlemen, I hope I can call on your services again.

Very Best Wishes for your continuing success

(Ms) Suneith,
Ashtree Road,
Frome.
