# Women's Shed at the Children's Festival

**THE** Frome Women's Shed took part in this year's annual Frome Children's Festival.

They report, "The Shedd-ers made quoits kits, which the kids assembled, decorated, and collected to take home later (when the paint had dried!) - all in the shady woods by the river to the sound of excited yells from the zip-wire.

"The kids seemed to enjoy themselves. The Shedd-ers definitely did. Hope they can come together again next year."
